

SELECT 3D

Engineering Consultancy & 3D Printing

▶ **Want better operational savings?**

▶ **Not sure what can be 3D Printed in your business?**

▶ **Want a new product line to increase revenue?**

Why order Select 3D's S3DP report...

Order a prepaid assessment report to determine which of your business products or ideas can be 3D Printed. The business report (called a S3DP report) contains recommendations including which products could potentially maximize your 3D Printing investment because:

- You will understand do-ability of up to 5 products
- It provides input into your business case (e.g. budget, scope & project planning)
- It identifies high level areas of possible operational savings or revenue streams
- It reduces uncertainty & risk
- It makes procurement easier
- It may identify ideas for new applications

What you need to do . . .

- Send Photos/Sketches of up to 5 products
- Make available stakeholders for business interviews

Note . . .

- Detailed instructions will be provided
- Terms and conditions apply
